SPONSOR A BOOK

The Madison Library has established a sponsorship program whereby you can sponsor a book! You can sponsor a book and receive a tax deduction and help to keep library budget costs down and honor/gift a loved one....it is surely a Win, Win, Win, Win!

Here's how it works: you send a donation of at least \$25.00 made payable to the "Madison Library". If you wish to use your donation to honor or gift a friend or family member, you may. You may also remain anonymous. If you do wish to honor someone an announcement will be sent to your honoree or their family. You will also receive an acknowledgement of your gift to keep for your tax records.

The Librarian will chose the book based upon current library needs. If you wish, a sticker with your name and/or the name of your honoree will be placed in the chosen book purchased with your funds.

The Librarian reserves all rights to the choice of the book and to the determination as to when the book will be deaccessioned from the collection.

Additionally, if you have a favorite author and want to sponsor books by that author as soon as they become available, you can do that too through this program.

Attached is the Sponsorship Form. Thank you for your consideration and participation.
